_____	)	

**SECOND AMENDED ORDER**

The Centers for Disease Control and Prevention, other public health authorities, and the Administrative Office of the U.S. Courts currently advise taking precautions to slow the spread of COVID-19, including recommending the use of a face covering or mask (mask) by all individuals regardless of vaccination status in public indoor settings in any areas of substantial or high transmission. Currently, every county in the District of South Carolina is classified as an area of substantial or high transmission. Therefore, it is hereby

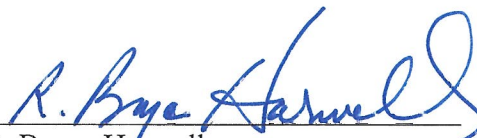

**ORDERED** that, effective immediately, all persons seeking entry to, or occupying, any district courthouse, must wear a face covering or mask. The mask must completely conceal the wearer’s nose and mouth at all times. During a court proceeding, the mask may be removed when the wearer is speaking for the record and at least six feet physical distancing is observed. If the wearer is a court employee who is alone in a private office or workspace, which permits at least six feet physical distancing from other persons, the wearer may temporarily remove the mask.

Any person seeking entry to the courthouse without a mask will be provided a mask by the Court. If the Court is unable to provide a mask for any reason, the visitor will be asked to contact by telephone the office to be visited to explore alternatives to entering the Courthouse; and it is

further

**ORDERED** that the United States Marshal, his Deputies, and the Court Security Officers shall enforce this Order and deny entry to those individuals not wearing a mask.
